Allies Hurl Ultimatum In Ruhr Tangle

Four Leading Powers Agree to Support French Evacuation Plans

### BERLIN DELEGATES RESENT ATTITUDE

French and Belgian Leaders Agree to Release Territory Within Year

(By United Press Leased Wire) LONDON, Aug. 14.-A final decision on the date of France-Belgian evacuation of the Ruhr swung backward and forward in the allied conference on the Dawes report today-now the subject of bitter verbal exchanges between the French and Germans.

After the allies had decided to support Premier Herriot's terms-"out of the Ruhr within a year"there was one conference after another by the different groups during the day.

At 7 o'clock this evening the Germans had received at Downing street what was described as somewhat better" terms and had left for a conference at the Ritz If they reject the latest allied offer. Herr Luther man representatives, will leave for Berlin tomorrow morning to confer with party leaders there.

What amounted to a virtual ultimatum was handed to Germany when representatives of Great Britain, United States and Italy joined hands with Premier tion of the Ruhr within one year.

The decision was handed to the Germans with the demand that they reply to the agreement by 3 p. m. today. Some of the Germans member of the delegation intimat-

CHICAGO, Aug. 14.-Police were baffled by the theft of \$50,000 rath Millinery Company in the last two years, until a detective observed girls wearing new hats at age complaint had ceased to come the rate of one for every day of the year. Two weeks' work on the trail brightened by toques, turbans, sailors and leghorns brought a solution of the mystery. Several girls were arrested, among them a number of milliners, and confessions were obtained.

According to the police, Joseph utinsky, Harry Sauraiek and Abe Isaac were the chief "fences' through whom the stolen millinery was disposed of. Samuel Brash who conducts a little millinery store; Max Derman and 1rwin Saussman are also under charges. Isaac made a confession, saying he had bestowed the choicest hats upon his "girl," and a search of her apartments brought forth 69 costly creations.

"I didn't care much for Isaac," Sauralek also had a sweetheart in her room. He was employed The Democratic candidate spent as a stock boy in the Eisenrath es

# Watch this newspaper every Thursday evening for the new Victor Record list

The Victor Company announces weekly through the newspapers all over the country a complete new list of records by the greatest artists in every field of music, on sale every Friday morning. These lists represent the finest programs of entertainment available through any means.

As you can depend upon the high quality of Victor Record service, so you can depend upon the superior performance of Victrolas and Victor Records; a performance always available in its full beauty, unqualified by conditions of time, place, or season. Victrola Instruments at \$25 up.

Victrola IX Mahogany or oak

# Out tomorrow **New Victor Records**

Rosa Ponselle 6453 \$2.00

6451 2.00

19388

.75

Serenade (Tosti)

Two Tosti songs in English—the immortal "Good-Bye" and the dainty Serenade. And how Ponselle does sing them! To hear these records is to know why she is a Victor artist. Spanish Dance (Sarasate) Violin Solo Efrem Zimbalist

Efrem Zimbalist Humoresque (York Bowen) Violin Solo The first records of display character this sterling artist has made for some time. A bewitchingly beautiful Sarasate dance and a madly capricious Humoresque by a living English com-

poser. Records you will want to hear and own.

Victrola No. 400

Mahogany, \$250; electric, \$290

There is but one Victrola and

Chiropodist Tells of Safe, Quick, Easy Relief at Home.

There's no excuse for odors" he says. "The acid skin conditions which cause it can be ended quickly by a new powder which foot specialists are using. Just shake a little in the hosiery -it ends the sweating and the odor almost immediately. It is harmless-in fact it promotes the skin health and this stops the aching and burning and banishes soft corns and callouses." This powder has now been distributed under the name Foot Joy. > Bridge Party Postponed For Larger Event

The Monday night bridge party at the Laguna Beach community club was attended by about thirtyfive players. The game was lively and was followed by a delicious Home-made oatmeal crackers, luncheon served by Mr. and Mrs.

It was announced that bridge honey. A paste made of milled rai- was not to be played the night of sins is always an acceptable spread August 18, owing to the fact that Tuesday is the time the large card

party will be given. The club will be elaboratery decorated and put in readiness for

The pictures donated by the many Laguna Beach artists are causing a great deal of comment and exciting a lively interest that bids fair for a full house. Some of these pictures will be on exhibit in the windows of Santa Ana business houses.

The committee reports the sale of tickets as being very good and it is believed that it will be one of the largest gatherings of its kind to come to Laguna Beach.

# FOR SALE ICE PLANT

a modern twelve-ton ice plant complete in every detail equipped with the finest and most efficient refrigerating machinery obtainable, installed new in July of last year. This plant is now operating to capacity, making ice at a cost per ton of less than \$2.30 is now operating to capacity, maxing ice at a cost per ton of less than \$2.30 including overhead and all other expenses. Under the same conditions existing in Santa Ana. I am getting this plant in a trade and it is necessary to remove same from present location. I wish to locate this plant in Santa Ana, Orange territory and I want to get in touch with a man with some mechanical ability and more good common sense who has a little money and I will move this plant, install it and start it making ice for him and demonstrate to him that it can be made one of the best money making opportunities considering the amount invested. No previous experience is necessary as I have an experienced man who will start operation, after which time plant practically runs itself.

# IWALL ST. JOURNAL SUPPLIES LIBERAL

NEW YORK, Aug. 14.—Prices held well going into the final hour and fractional recessions occurred in some issues; others came forward with a show of strength. Steel common ruled above 107 while American Can dipped under 125. Motor truck stocks came into some prominence, as did International Business Machine and U. S. Realty.

Rails held their gains, particularly Fresco pfd., which above 57. was at the best price in two years. The street is expecting some action on changing the capital structure which would put \$7,500,000 of this stock in line for a full six per cent dividend. The likelihood of the dividend is heightened by the fact that the surplus for the first half of 1924 of \$1,349,794 equalled three times the full six per cent dividend.

The market closed higher.

U. S. Steel 107½, up ¾; Baldwin Locomotive 123%, up 1½; Kennecott 49, up ¾; Mack Truck 97¼, up 2½; Studebaker 37½, up ¼; American Can 125½, up 1¼; Cast Iron Pipe 96%, up 1¾; Congoleum 53½, up ½; Kennecott 49, up ¾; Mack Truck 97¼, up 2½; General Electric 270, up 2; Atlantic Refining 84½, up 3½; Crucible 51, off 2¼, Leather Pfd. 52%, up 3½; National Biscuit 56¾, up 3½; National Lead 164½, up 4½; Texas Co. 40%.

Interest payable without deduction for Normal Federal Income Tax Insofar as may be lawful.

# BANK OF AMERICA—Trustee

# INVESTMENT FEATURES

PROPERTIES AND BUSINESS: This Company was incorporated March, 1920, for the purpose of conducting a general packinghouse business and the wholesaling and retailing of its products. From a modest beginning the Company has grown until today annual sales exceed \$1,450,000.00 and the total personnel employed is 85. This progress has been made under the direct supervision of Mr. John Ruether, President and General Manager. Mr. Ruether's entire business career has been spent in the cattle, packing and meat business. He is ably assisted by the following: Messrs. Secondo Guasti, Jr., Vice-President; A. E. Huck, Secretary and Enos Ruether and C. S. Chapman, Di-

The plant is located on four acres of ground between Anaheim and Fullerton and is served by both the Union Pacific and Santa Fe Railroads. More than sufficient water is developed on the property for the needs of the plant which is equipped with the best and most modern machinery. Buildings contain seven refrigerating rooms with cooling and storage capacity of 1000 hogs. 250 cattle, 500 lambs, 150 calves and thousands of pounds of pork cuts in process of curing. In addition to the full line of fresh meats there is manufactured in the plant all kinds of smoked meats, sausages, lard, compound, bone-meal and dried blood tankage.

The Company owns and operates twenty-five of the finest and best equipped retail markets in California in such communities as Anaheim, Fullerton, Orange, Santa Ana, Huntington Beach, Brea, Whittier, Downey, Norwalk, Garden Grove, Corona, Montbello and Long Beach. These shops in addition to operating at substantial profit assure at all times a continuous outlet for the output of the packing plant. SECURITY: A recent appraisal by Messrs. Chas. Eygabroad, Eugene Durfee and H. H. Krause fixed the value of real estate, retail stores, machinery, trucks and

other equipment at \$281,857.00 or nearly three times the amount of this issue. EARNINGS: Since incorporation the pet earnings of the Company applicable to interest on this issue of bonds have averaged more than four times interest charges

and for the year ending January 31, 1924, were \$34,258.19 or 4.89 times interest requirements. Funds derived from this financing will be used to reimburse the Treasury for PURPOSE: expenditures made to plant and equipment and should put the Company in

position to take advantage of its rapidly increasing business. GUARANTY: Mr. C. C. Chapman of Fullerton, guarantees by endorsement on each bond the payment of the principal thereof and the interest thereon. The high moral and financial standing of Mr. Chapman is well known in this community.

SINKING FUND: Beginning Jan. 1, 1924 the company will pay to the Trustees on the first sylvar, said monies to be used by the Trustee for the redemption of bonds on or before their maturity dates in the order of their maturity. This Sinking Fund will work to retire the bonds more rapidly than provided in the serial maturities.

**MATURITIES** \$15,000 due October 1, 1926 15,000 due October 1, 1927 10,000 due October 1, 1928 \$10,000 due October 1, 1920 10,000 due October 1, 1930 40,000 due October 1, 1931 All legal details pertaining to the issue of these bonds have been passed on by Messrs. Ames and

Anaheim National Bank, Anaheim, Calif. First National Bank, Fullerton, Calif. Anaheim Beef Co., Anaheim, Calif.

to install their own power plants took definite form today with the announcement made by city officials that their respective boards of city trustees would be asked to call elections on bond issues to provide for the construction of the

plants. City Manager J. W. Price of Anaheim announced that at the of the Aetna Life Insurance Co., many appreciative readers." at St. Louis, and since John W. jr., In the same mail that carried trustees he would recommend the came to Santa Ana to live his father booklets and The Register to Mr. calling of an election for the near future at which time the voters of Anaheim would be asked to approve the issuance of \$240,000 in bonds for the construction of the

Anaheim plant. City Engineer W. C. Record of Fullerton announced that within several weeks he would have ready for presentation to the Fullerton trustees a report made by exwith a recommendation for a bond gin to get old."

Might Merge Later
Later, if the two cities decide to adopt the plan, the two plants story. may be merged, but it was pointed out that an act of the state legis-lature would be required to bring

about the unification. power crisis brought about by the inability of the Southern California Edison company to supply the necessary amount of electrical energy for the full time operation of industrial concerns and irrigation

projects.
"We have made sure that we can we have made sure that we can and Mr. Estes' appreciation of its construct a 2000 kilowatt plant for the sum we intend to ask for of advertising value naturally gives any of the three types, steam, gas or Diesel," Price said, "so there will be no coming back to the voters for later bond issues to

complete the plant. 'We are favorably inclined toward the steam plant for the large plant scheme because of its resilience and low cost of upkeep. el would be the most satisfactory for a small standby unit, although the first cost is much higher.

Low Production Cost "The voters will be asked simply to approve a \$240,000 bond issue. Later, if Fullerton votes bonds and it is still considered more desirable to consolidate plants, voters will be given an opportunity to approve such a policy by the same

two-thirds majority. "Our investigation has assured us that without the possible economies of a joint plant with Fullerton we can manufacture electrical energy at a price as low as that we are now paying the Edison firm, that is .0113 a kilowatt hour.

Price pointed out that the contract which the city of Anaheim has with the Edison company has a year and a half to run and that all the city could do would be to go ahead and build the plan with the idea of beginning to manufacture electrical power the moment

the contract expires.

Anaheim will be in an enviable position to attract industrial firms which, located in the Mother col-ony, will not be at the mercy of power crises, Price said, in expower crises, Price said, in explaining what he considered one of the chief benefits of a city-owned the chief benefits of a city-owned although she will be held at the although she will be held at the although she will be held at the said of the chief benefits of a city-owned although she will be held at the said of the chief benefits of a city-owned although she will be held at the said of the chief benefits of a city-owned although she will be held at the said of the chief benefits of a city-owned although she will be held at the said of the chief benefits of a city-owned although she will be held at the said of the chief benefits of a city-owned although she will be held at the said of the chief benefits of the chief benefits of a city-owned although she will be held at the said of the chief benefits of the chief benefit

Took Lydia E. Pinkham's Vegetable Compound— Happy Results

Newcastle, Pa.—"I was all rundown and everybody thought I was going into a decline. I had beer ailing for a year with pains in my right side so that could hardly stand on my feet. When I walked I felt as if something was falling. I was not able to do any work and had a nurse most of the

time. She spoke to me about Lydia E. Pinkham's Vegetable Compound, so I gave it a fair trial. Some women think one bottla should cure them, but I did not stor. should cure them, but I did not stop, at that. I took more and got better and am able ever since to do my own housework. There was a time, when I would complain of not feeling well, that my husband would say, 'Go to the doctor.' But now he will tell me to get a bottle of Lydia E. Pinkham's, and it has always helped me. I have hed draggists tell me that they had and it has always helped me. I have had druggists tell me that they had something better, but they don't tell me that now, for I take no other. I have been taking the Vegetable Compound now for five years. Any woman who cares to call or write, I will be glad to tell her how it helped me."—Mrs. MABEL LIST SHERBAHN, 515 Newell Ave., Newcastle, Pa.

This afternoon at 4 o'clock Congressman Phil D. Swing will re turn to Orange county following two days spent in Riverside and Corona. Last night he addressed a large gathering from the court

house steps at Riverside.

Tonight at 7:30 o'clock, Swing will meet with the committee of fifty on Newport harbor at the Orange union high school, and at 9:15 o'clock or thereabouts he will arrive for a visit with members of Santa Ana post, American Legion. Swing is an ex-service man.

Capt. Elmer Heald, commander of the inter-post council of the American Legion of Imperial valley, is to address the Legionnaires here in relation to the importance of Boulder dam and the all-American canal to ex-service men.

Yesterday Q. C. Webster, president of the farm bureau of Imperial county, visited the Orange county farm bureau that he might explain the position of the Imperial farmers in relation to the congressional contest.

"Every civic organization, every American Legion post, every farm center, every Chamber merce in Imperial county has pass-ed resolutions endorsing the Swing bill and asking for the re-election of Congressman Swing," said Web-

"In order to create the appear ance of opposition, Harry Chand-ler of the Los Angeles Times has organized what is known as the Colorado River Control company. It is an organization for the spreading of propaganda. It is misleading and deceptive. It is trying to perial valley farmers are against the all-American canal. True, this organization has some consider-able acreage signed up against it, able acreage signed up against it, but Chandler owns 47,000 acres and the Southern Pacific owns 50,000. Virtually all the signers are non-residents.

"I am here on the instruction of the Imperial Valley farm bureau ment of the state real estate law to cut brokers' renewal fee from ple of this county that the farmers \$10 to \$5; to reduce the cost of who actually work and who live on brokers' surety bonds by reducing their farms are very strong for the bond to \$1000 and by realtors

those who attend the opening.
"The Yacht and country club building is to be of the Spanish mission type and will contain 150 large sleeping rooms, each with private bath or shower, a large dining room and several smaller ones.
"There are provisions also for

croquet and rifle practice together with stables and horses, while in Stillwater bay and further out at sea, boating, fishing and bathing are ideal.

"There is also a project for an excursion steamer to ply between Long Beach and Dana point daily at a moderate price. This would afford an ocean voyage to new pic turesque sections of the southern coast. The round trip, it is said, would require three hours' time.

The romantic, scenic and historic Dana Point, formerly known as San Juan Capistrano Point, was made famous by R. H. Dana jr., in his widely read nautical romance, Two Years Before the Mast," of which he speaks in glowing terms repeatedly, little dreaming that this rugged and isolated bit of sea coast within a century might become the abiding place of art, culture and architectural excel-

The CREED of Building & Loan Associations

T being the avowed object of all true Local Building and Loan As-I sociations to provide a comprehensive, safe and efficient method for the accumulation of the savings of the common people, and to utilize such accumulated savings to encourage and stimulate the building and owning of homes by the common people of the United States, it is declared:

1. WE BELIEVE: That the true Building and Loan Association is an important part of the Financial System of the country. It is not a competitor of any other financial institution, and at all times maintains a spirit of friendly co-operation with other branches of that financial system.

2. We declare it our solemn duty to promote in the nation and in all states and territories of the United States, all laws as will secure the just and safe management of all such associations for their mutual benefit and the benefit of all stockholders.

3. We shall prevent as far as humanly possible the use of such associations or their good name for speculation purposes.

4. We have devised and promote systematic, equitable and safe methods of conducting our business, and keep the same in strict conformity with the spirit and the letter of the National and State Laws governing the institution.

5. We encourage systematic and profitable saving on the part of every man, woman and child within the territory of our activities. Our Association will pay you to

We consider it an offense to secure any success by taking advantage of others. or to use questionable opportunities.

7. We save for an expressed purpose namely, to encourage, stimulate and finance the building and owning of their own homes by the people of the United States.

8. We endeavor to elevate the standards and methods of Saving and Borrowing in general and in the Building and Loan practice in particular.

9. We wish to increase and enlarge the service of our Association, so that those in the humbler walks of life may grasp the opportunity offered for improving their position in society.

10. We spurn misleading propaganda of any kind on the part of our Association, its officers, directors and representatives.

11. We believe, that in "Unity there is strength," and when men and women, side by side, working in harmony for a good cause, giving true service to the people, there is no limitation to their possible achievements.

12. We believe, the purpose of the Building and Loan movement, in promoting and encouraging thrift, frugality, industry and home-ownership to be one of the great and laudable vocations of the present age and pledge our Association to fulfill its responsibility to society, and to discharge each duty devolving upon us, so, that the level of human ideals and achievements is being elevated and that a higher type of citizenship result therefrom.

The outlet box which penetrates the levee of the river has been constructed and will be ready to receive water in about ten days. Dur-. DISTRICT SOON TO SEE LAST WORK DONE of thirty-inch outlet pipe has

Pipe for the district is being made by the Bent Cocrete Pipe company, which has a plant on Santiago creek south of Orange, and by the Stanley Construction company, which is operating on Ocean avenue, two miles east of Garden

According to R. A. Hart, senior drainage engineer of the United States department of agriculture, who was called in consultation and who assisted in drawing up the plans for the Newhope project, the ompleted drainage system will en able the property owners to remove accumulated salts by heavy appli cations of water, and to restore the proper texture of the soil so that abundant crops may be forthcoming from the vast area which low is uncultivated.

Land in the district which aleady was productive often was threatened by rising water, and the present drainage system is expected to eliminate the resultant

damage to crops.

The crops in the Newhope drainage district are diversified, the northerly portion being given mostly to tree crops and the southerly pertion to farming. Two dairies are located at the south part of

rict are 662 acres of citrus groves. ued at \$3000 an acre, or \$1.986, acres of walnuts worth \$2000 an acre or \$480,000 for the total; 42 acres of deciduous fruits at \$1500, totaling \$63,000; 230 acres of alfalfa at \$1000, worth \$230,000; 1140 Plans for creating a highly productive area out of 3568 acres of delta land in the Newhope drainage district, southwest of Santa Ana, the \$160,000 project of laying twentoday were well under way, according ty-one miles of pipe to carry the delta land in the Newhope drainage into the Santa Ana river. district, now worth \$3,759,800.

The engineering feat for which the district voted a \$160,000 bond issue includes, in addition to the ing of 21 miles of different sizes pipes, installation of 82 man-es and sand traps, construction two concrete outlet boxes and observation holes.

The first levee box was built by Stukey, and the first mile of inch pipe was laid under the rection of L. F. Folsom. The stract for the additional trendg, laying and backfilling, together th the building of sand boxes and ervation wells, constituting the remainder of the work, has been awarded the Drainage Construction mpany at a bid price of \$87

The completed system is expect ed to protect the already producing groves from a rising water table, to lower the water table so that roves can be grown on nearly all of the district, and to remove any salts injurious to plant life. With nis accomplished, the value of the district would be more than double the present value, according to

# A MESSAGE TO BOYS AND GIRLS OF ORANGE COUNTY

# **OPEN LETTER**

To Boys and Girls:

Some time ago these pencils were offered to the Register at a very low price. As school will soon open, we felt it was a very opportune time to give a pencil as a premium.

However, before buying, we sent for a sample and have been using same every day in our department. It has given perfect satisfaction.

Better hustle around and get one. Very truly yours,

-Mr. McKay.

### Under No Condition

WILL WE ACCEPT A SUBSCRIPTION TO A HOME WHERE THE REGISTER IS NOW BEING DELIVERED

# One More Month-Then School

The Register has just received two gross of GOLD-PLATED NATIONAL PENCILS—one gross for Boys and one gross for girls.

They are not toy pencils—they are regulation size and will give you real service. Come in and look them over—we are sure you will want one.

# OUR OFFER

One of these pencils free to any boy or girl who will secure one new subscription to the Register paid in advance for one month.

DIRECTIONS-All subscriptions must be New and Signed by Subscriber. Get your neighbor, friend, parents, relatives or anyone to subscribe. Bring your subscription to THE REGISTER office and take home a pencil. If you live in Orange County and can not bring your subscription to the office, mail it in and we will send you the pencil.

### Fix Council Room So Citizens Can Hear Some of Talk

HUNTINGTON BEACH, Aug. 14.—Citizens who attend the city council meetings in the future will probably notice a difference in the acoustics of the room, according to William Haven. in charge of the acoustical work on the room started here yesterday following a decision of the board of trustees to fix the room so that their audiences could

hear more easily. In the past it has been difficult to hear the councilmen at work even if one was only a few feet away. With the correction work it is expected that the lowest tones will be distinguishable in the farthest corners of the room. Haven recently treated the municipal auditorium here and, according to the trustees, the hearing facilities were increased nearly

HUNTINGTON BEACH, Aug. 14. Paving construction work begin on the state highway east of this city toward Newport leach in ce near future, according to Ed-Ward Rawson, cement contractor who arrived on the job here this morning with a huge cement mixer. Several days will be necessary to arrange for the start of the paving job but work should be started within the next week, it was stated.

Grading work on the road was completed here recently by Contractor B. F. Beal and several days have been allowed for the grade of the road to settle. Some addi tional work will be necessary to prepare for the laying of the pavement. The road is to be nine inches thick for a distance of six feet at each side of the pavement while the crown of the road will be six inches in thickness.

Work on the bridge over the Santa Ana river is progressing rapidly and, according to reports, the work on the bridge will be completed soon after the completion of the pavement. A resent report was to the effect that the bridge was about forty per cent complete. Considerable time will be consumed in the laying of the pave-ment and after the completion of the job the pavement will have to set for about thirty days before it

Have used Aristo for over four years, during this time have operated a Dodge touring car and a Ford truck and have had no trouble with

I consider Aristo an excellent lubricant and can cheerfully recommend it to anyone using motor oil. Cannot give the exact milage traveled by each piece of equipment but

it is probably over 20,000 miles. (Name on request)

# A Fluffy "Carbon"

# That Blows Out With the Exhaust | Sens, were some of the provisions will be disembarked for distribution in that needy quarter; then on to Palestine and Syria and then back home with enriched memory and knowledge gained at first hand a look of the provisions will be disembarked for distribution in that needy quarter; then on to Palestine and Syria and then back home with enriched memory and knowledge gained at first hand stimulating entertainment for the look.

WE are telling you facts about Aristo Motor Oil that scores of users report to us 10,000,000 that scores of users report to us-10,000, 20,000, 50,000 miles without any "carbon" trouble, motor layups, or expense.

Read what these users say from time to time in our advertisements, (as in the case above).

### Two Kinds

All motor oils, with no exception, deposit some carbonaceous residue.

One kind is hard and gritty—an abrasive. It clings to valve heads, cylinder walls and pistons and causes power losses and extra wear.

It covers and short-circuits spark plugs so the motor misses and jerks.

Its tendency to cling and stay makes it form fast. You have "carbon" every 2,000 or 3,000 miles.

But there are two kinds of "carbon." The other is like this:

# Soft and Flaky

Aristo deposits a soft, fluffy residue. Most of it blows out with the exhaust as the motor runs. It doesn't cling, or act as an abrasive—the little that may stay.

It forms so slowly that many users find removal is required from 1-10 to 1-5 as often as in the case of the hard, gritty kind. Your car runs 10,000 miles without carbon instead of 2,000, and in scores of instances, from 20,000 up to 50,000 miles.

You may want to try in your motor, an oil that lubricates, saves wear and tear, and time, and gives this greatly increased mileage without "carbon." If you do, say "Aristo"—don't say merely "motor oil."

For sale at all first class garages and service stations.

Union Oil Company

## Avoid Motor Oils

containing paraffin or asphalt or any other non-lubricating substance. Aristo Motor Oil is refined by the most advanced processes designed to eliminate everything in the crude which has no lubricating value.

-to catch me!"
"Ill admit it's a joke," said the "Yes; this is Underwood. Got him, have you? . . . All right. Put him on. . . That the sheriff? Great scott! you're a hard man to get. . . Never mind. This is Underwood. Get me? What? . . Yes: that's right. Off in the north. Yes; that's right. Off in the northeast corner of the county. Now listen:

I was held up last night in my car. About thirty miles from the ranch, I should say. West of it, on the main road; there's only or road. We wanted to laugh about Bob Wells the road. ranch, I should say. West of it, on the main road; there's only one road. We didn't come here direct; drove around by way of Duncan. The road's better. Had my son and daughter with me, and a driver. Are you getting this . . . to laugh about Bob Wells the Wreck was a willing listener. "I start out for a trousseau, and I get turned into a hold-up man, and I'm chased—by Bob Wells!" "It's great," he affirmed, solemnly.

driver. Are you getting this . . . "Four men . . . Yes; four! Blocked the road with their own car and held your way." Blocked the road with their own car and held us up. We never had a chance. Took watches, valuables, money. What? . . . Took everything we had that was worth carrying off. Stole all the gasoline out of our tank and left us flat on the road. Let the air out of our tires with a knife. How's that?

"How the devil can I give you a description? It was pitch dark. faces. I'm not supposed to furnish a set of Bertillon measurements, am 1? You didn't expect me to take fingerprints, did you, They had handkerchiefs over their with a gun stuck under my nose? You're what? .

There was an inarticulate rumble from the living room, then a

booming of the heavy voice.

"You're surprised?" roared Underwood. "You didn't think there was anybody working the road over this way? Well, if you're surprised, what do you think I am? Doesn't a property owner get any protection in this county? I'm no tourist. I've got a place here. If you want to know whether I pay What? . . Oh, you know about me, do you? Well, I'm damned glad somebody knows about me. any taxes just look up the books. Now, the best advice I can give you is to get busy. . . . How's that?

"How do I know what direction they went in? They started east when they left us; that's all I they went in? They started east when they left us; that's all I know. I want action—understand? I'll pay any reward and any expenses that are necessary, but I want action. I'm going to find out. want action. I'm going to find out whether a taxpayer in this county has any protection against highwaymen. . . All right. You're wreck saw that she was clenching getting on the job at once; is that it? . . . Yes; I'll be here for "Henry Williams," she said, "Henry Williams," it was and facing him. "I I'll expect to hear from you without much delay. Vour name is Wells, is it?

achieved a stroke of business.

"Made it pretty strong, didn't you, father?" suggested his son, with a faint smile

"Strong? Certainly I did. You don't suppose I wanted to give him the idea that it was a tea party do you? When I've got a hand play it to the limit. I don't want him loafing on the job. He knows who I am. If he doesn't it won't take him long to find out." He made another dive at the

road at once. Well, he'd better. A posse! What they need out here

is a few New York policemen. The Wreck, seeing no immediat need of his services, disappeared through the pantry in the direction of the kitchen. He had a quee look; as much a look of triumph as anything else.

Sally jumped up from a chair by the window and shot a glance of inquiry at him.

"Where are my spectacles?" he manded. "My eyes hurt." demanded. She found them and the Wreck began to look like himself again. "Now tell me everything," she

"He's been at the telephone, rais ing the county against four des peradoes," said the Wreck. "He's made a regular yarn of it by this time. I guess they'll hang us for

'They'd better wait till they The Wreck contemplated her for

a few seconds. He wondered just how she was going to take the 'He's a good liar; he piled it on.

And he pulled all the old stuff about influence, and how much taxes he pays, and all the New York dope. He made me thank God I came from Pittsburg.'

"Could you get any idea of what's being done about it?" asked Sally, with the practical aspects uppermost in her thoughts. "Oh, there's a posse getting on

the job," said the Wreck, wearily. "A posse," mused Sally, nod-ding. "Yes; I'd imagine that. Who did he have on the phone?" "He was talking to the sheriff."
"The sheriff. Uh-huh. Well,

Sally stopped and stared at the Wreck. Something had startled to get into politics, thought Sally, her. (Continued in Our Next Issue)

"What county are we in?" she demanded,

He shrugged. He never tried to keep track of counties and he did not know. But she read something in his eyes that caused her to

Correct Glothes To Meet The Obligation Of Every Occasion

THE SPORTING FOUR-IN-HAND

Sport is fun, not a function and this principle must be applied to one's clothes. Anglo-Saxons have coined a term which never loses its fine old flavor. The name is gentleman-sportsman. It denotes one who plays the game, whatever it be, with the dress and deportment of a gentleman and the fairness of a sports think of using anything less than man. The gentleman-sportsman, be- a driving iron. ing first of all a gentleman, turns himself out in well-cut, well-fitting clothes. He does not share that ingrowing vanity of small natures, which study to be shabby in the misbelief that, thereby, they show a high-and-mighty contempt for things others hold in esteem. The gentle-

man-sportsman knows that the consciousness of being fit to his finger-tips buoys the spirit and betters the stroke. However, neither does the gentleman-sportsman go in for elaborately patterned or over-sleek clothes under the impression that these are dashing and picturesque. They are not. On the contrary, they are as out of place as a Fiji-Islander in a ballroom, beinging to outdoors the attituding and processing the contrary. these are dashing and picturesque. They are not. On the contrary, they are as out of place as a Fiji-Islander in a ballroom, bringing to outdoors the attitudinizing and artificiality of indoors. The sixth inning and drove in the man's mind should be off himself and on the game. HOW TO ANSWER BLIND
CLASSIFIED ADS
In answering 'blind addresses
(for instance, L, Box 36, Register, or other similar addresses), please
be careful to use the precise address given in the ad. Write the
address plainly. Letters brought
to The Register office do not require stamps. Always inclose your
answer in sealed envelope.

answer in sealed envelope.

T. F. (TILL FORBID) ADS
If an advertiser who has made
application for credit and opened
an account with The Register
Credit Department in the regular
form desires to have any "liner"
advertisement published continualy "until further notice" he may
do so by signing £ "TF" order to
that effect. An advertisement thus
begun will appear regularly until
countermanded by written order.

begin will appear regularly thun countermanded by written order.

BOX OFFICE REPLIES

The Register postoffice department is conducted for the benefit of patrons who wish answers to come to the office. Advertisers are furnished with identification cards, which must be presented at The Register office. For the protection of our patrons, replies are not given out except on presentation of box card.

No record is kept of the names and addresses of patrons using The Register postoffice, and therefore no information concerning these advertisers can be supplied. A charge is made for the words "Box A-234, care The Register."

### A PUZZIF A DAY

A speeding motorist, driving along a straight road, was pursued by a motorcycle policeman, who started four minutes after speeder had passed. The policeman traveled over the ground one third faster than the speeder. How soon did he catch him? Yesterday's answer:

The drawings show that a ball weighs less than a cube; if one of the balls in the lower drawing is replaced by a cube, the upper drawing will result; and there will be four pounds gain. Hence a cube weighs four pounds more than a ball.

Replace the four cubes in the upper drawing by four balls; which will deduct 4x4 or 16 pounds from the other side of the scales. Thus seven balls will weigh 21 pounds; and one ball will weigh 3 pounds. As a cube is four pounds heavier than a ball, the weight of a cube will be seven pounds.

### For Sale—Country Prop.

CHICKEN FARMS—Ideal citrus fruit, chicken, berries, alfalfa. Farms 1 acre up. Priced \$800. If have clear property will finance you. Write S, Box 30, Register.

# Register Want Ad Contest

Free Tickets to Walker's Theatre for Clever Readers

# WHY DO REGISTER WANT ADS PAY?

We know they do. It is being proven every day. "There's a reason" and we want the opinion of Register readers as to that reason. To get it we are going to give prizes each week to make it worth your while to send us a letter. It's easy-just like a game-and we know you'll enjoy it. Read the rules printed below then try your hand. A little effort and the tickets are yours as well as a cash prize.

# Contest Rules:

Construct a sentence describing the good features of Register Classified or Want Ads taking each word for the sentence out of a Register Want Ad.

Write the sentence at the top of your letter. Clip out the ads containing the words used and paste them on the same sheet of paper in the same order as the words are used in your letter underlining the words used and following with a brief statement of why you think the sentence

Only one word may be taken from any one ad.

The contest closes each week at 4 o'clock Friday. The winning names will be published in Saturday's Register and the prizes given out Monday and Tuesday. To the writer of each letter that conforms to the rules two seats to the theater mentioned will be given.

Additional cash prizes will be

Be earnest, then, in thought and deed, Nor fear approaching night; Calm comes with evening light, And hope and peace—thy duty heed -John Ruskin.

### HOW SANTA ANA HAS GROWN

Pause for a moment. Look back on the road we have travelled.

County Auditor W. C. Jerome has reported to the board of city trustees of Santa Ana that the assessed valuation of Santa Ana is now \$17,988,000. That is approximately \$18,000,000. Next year it

will be \$19,000,000, possibly \$20,000,000. Look back sixteen years. Santa Ana's assessed valuation today is greater than was the total assessed valuation for Orange county sixteen years ago.

To be exact about it, let's have the figures. The entire county's assessment in 1908 was \$17,562,280. That same year Santa Ana's total assessed valuation tem' was \$3,942,600, which, in those days, was considered a very fine showing, as, no doubt, it was.

Now look ahead sixteen years. What will the assessed valuation of Santa Ana be in 1940?

# YEARLY MODELS

There is a lure in "new models," whether they be motor cars or gowns. Also there is peril in them. An experienced automobile man says:

'The automobile industry will have to get over this 'yearly model' practice. There is no other industry that tries to bring out new models every year, except the clothing industry-and look what has happened to it in the last few years!'

Scores of cloak and suit makers and manufactur- answering. ers of various kinds of dress goods have been ruined, largely because of the enormous expense of rapidly shifting styles. The system they started ran away with them. The public, accustomed to new styles every season, became more and more fickle. Makers and dealers were caught with great stocks on hand that the public would not take. At best, the practice has made it necessary to charge, at the beginning of a season, far more than articles were worth, and then sell at a loss at the end of the season, before the next change of style came on.

Somewhat the same thing, the critic thinks, may happen to the motor industry. And in that industry them and keeping them running.

American automobiles to their present stage of getting what we need and what we want? efficiency and beauty, but the need now seems to be rather for greater simplification and standardiza- bad the educational system is. They need the sup tion, along the general efficiency lines for industry urged so vigorously by Herbert Hoover. It is significant that one well known automobile company is now advertising, "Improved constantly, but no yearly

### WEIGHT AND HEALTH

grow thin do not present accurate figures on the subject, according to experts who have investigated health and weight for a life insurance company. Weight tables are frequently misleading. Since their averages are a composite of the good and the bad, they are rarely correct for any given height or age.

That may be disturbing news for ardent devotees anyone. The experts suggest that up to the age mands. of 30 it is well to weigh five or ten pounds more than the average weight given for your age and height. After 30 years it is best to weigh ten per cent to twenty per cent less than the average figure

The extra weight in youth is needed to strengthen the body against tuberculosis and other dangerous infections. After 30 the extra weight becomes a

All of this is interesting, and perhaps it is helpful and informing. But thinking about one's weight can to give actual and indisputable proof that the Allby normal health rules, takes proper exercise and eats wisely is likely to find that his weight will take care of itself.

### THE COAST OFFENSE

A New York paper calls attention to the fact that "Rum Row" is branching out. From dealing in contraband booze, it has extended its business to a few inches above, and to the inner side of a dope and labor. It is bringing into the country nar- prominent point of your hip bone. cotic drugs and immigrants with the same informality with which it flouts the prohibition law.

That is, the "Rum Row" fleet is bringing these contraband articles to the door of the United States, for Americans themselves to take over and smuggle into the country. The foreign ships are breaking no law, whatever may be said of the morals or good

The really flagrant operations are those of the American rum-runners who make their illicit business possible and profitable. Upon the heads of those Americans rests the onus of all these three forated, give a history of purging by the patient or classes of offense, of which the dope traffic is perhaps the most reprehensible.

Profit apparently is the only thing our coast smugglers are interested in. And the only thing the government and local police authorities can do is to hunt them down by every possible means, and administer the utmost possible punishment when they may be done to a tender inflamed appendix. are caught. The job is a big one but in the end the federal government will-must win.

### TREE-DYEING POSSIBLE

A new process of wood-staining has been tried another, and you get the gurgling of the gas, and apparently found successful. It stains the living wood before the tree is cut down. More than 20 water into the rectum will relieve the condition. different colors can be obtained. The chemicals are where you have to wait for a physician, and you introduced into the tree near or at the roots, after are just a little afraid that your pain is in the appendix region, don't take any medicine whatever, the moisture in the tree's myriad tiny cells evaporates, the dye is drawn up to the farthest tips of the tree.

It takes from two to ten days for complete saturation. By that time the life of the tree is gone and ax or saw is employed as usual.

The resulting stain is said to show the grain a little clearer even than surface staining. The wood so stained may be boiled in water, steamed or exposed to the weather for an indefinite time with no injury or change. Insects are destroyed by the same process which stains and embalms the wood. Either hard or soft wood may be treated by this process, and it may be varnished or shellacked or painted afterwards according to the user's wish.

Nothing is said about the cost of this operation or the time it would save. If these factors are satisfactory, then a very useful discovery has been made. The preservative effect of this dying method should recommend its use even for wood with no particular beauty and not used decoratively.

### Our School System San Bernardino Sun

What is wrong, if anything, with our school sys

Taxpayers in California see more than half of the money which they pay toward government go into schools, yet a committee charged by the teachinto schools, yet a committee charged by the teaching profession with investigating the school system of the State is hampered for lack of funds and in a report recently completed frankly states the investigation has been merely preliminary. Funds will be needed to carry on a proper study of the situation. The money should be provided, for which the tremendous sums that are expected to advecte the tremendous sums that are expended to educate the children of the state, there should be a comprehen-

ive knowledge of the results that are being secured.
Business men frequently complain that for their ourposes graduates of high schools are merely raw material and must be trained before they are of

value in the business world. But what do the business men want? Do instructors know? Or even does the average business man himself know what he wants in the educa-tion of the boy or girl he will some day employ? There are scores of other questions that need

Have the schools kept abreast with changing onditions of life? The schools of today are far dif-erent than those of a generation ago, upon which he average business man bases his conception of education. Does the business man know what the difference is? Educators say that in certain lines of tudy the eighth grade graduate of today has had nore instruction than the high school graduate of a generation ago.

The ambition of every parent is that his children shall have a proper education, which in the majority of cases he conceives to be better than the one the parent received.

San Bernardino County is spending approximately two and a half million dollars a year on education. This is a tremendous sum and it is burden happen to the motor industry. And in that industry there is another important factor—replacements. The more models of any make of car there are in existence at once, the more difficult and expensive becomes the problem of furnishing spare parts for them and beging them running. nem and keeping them running.

New models have played a big part in developing the best school training in the world, but are we

The teachers themselves are taking the lead in the investigation to determine how good or how port of business, of taxpayers, of everybody.

When it is realized that more money than for

all other governmental purposes combined goes into education, taxpayers may get some conception of the importance of the question now under discussions. sion. There is more public interest, discussion and sometimes fuss and fuming about activities of other governmental agencies that spend only an insignificant part of what is spent for education.

The study to determine what is needed in education is a highly important and difficult task. Edu-The average weight and height tables commonly girl for a place in the machinery of business, to be young people of the land for an opportunity beyond merely that first job. Education should provide instruction on some of the finer things of life, rather than to fit students to cope merely with the material things of life.

The business man who complains must concede that the system of education does not propose to think of him alone. The school have a greater

But are we getting what we want and what wo are paying for? And what do we want?

### That Body of Yours

By James W. Barton. M. D. PAIN IN APPENDIX

You are miles away from home, perhaps on motor trip, or ten miles from any town. You get a sudden pain down on the right side of the abdomen,

You know enough about that body of yours to realize that the pain is in the region of the appen dix, and that you may be really having an attack of appendicitis. If the pain is too severe, and you feel too weak to travel, try and get to the nearest house and to bed. This may mean a tremendous lot

in the battle, should you really have appendicitis. The ordinary gas pain in the stomach is relieved by a little baking soda. If this pain is in the taste or international policy involved in their action. region of the appendix you might be tempted to use eastor oil, or a dose of Epsom salts, calomel, or some other purgative. I've just one thing to advise.

Most cases where the appendix has been per-

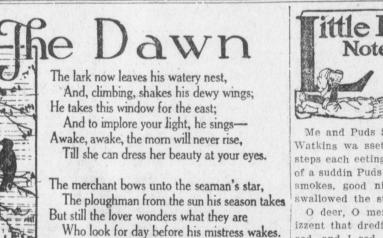

Nothing should be given by the mouth either in the form of food or medicine. You see, if you take anything into the stomach, immediately movement of the whole canal begins, just like the movement of a worm. If, then, you set up a simple movement by food or water, or a severe

If you are very thirsty you can rinse out your mouth with water.
Sometimes relief for the symptoms may be ob-

tained by using small injections of warm water into the rectum, but they should be only a few ounces at a time. In fact, in severe pain in any definite region of the abdomen, it is not wise to take a purgative. Of course, in the gas pains, where you have a pain first in one region, then shooting over
